

Dear Tropitone Dealer:

Tropitone works closely with our network of dealers to expand customer reach and enhance customer service by providing the latest ecommerce tools. The Tropitone.com website generates consistent traffic in the tens of thousands per month. These customers looking for outdoor furniture are referred to our White Label dealers according to zip code. As a White Label Dealer, once you sell to a Tropitone customer, that customer is yours alone, and will continue to return to your Tropitone dealer site for repeat purchases (unless they create another account using a different email).

Here's the quickest way to get your ecommerce gateway set up.

- I. Print and complete the Tropitone White Label website registration worksheet.**
- II. Go to Authorize.Net to open an account (if you don't already have one).**
- III. Return to Tropitone.com and enter your new dealer account information.**

## Let's get started.

### I. Print and complete the White Label Registration Worksheet

The White Label website registration worksheet lists all the information you will need to have ready when you go online to open your private gateway bank account at Authorize.Net (if you don't already have one) and registering on the Tropitone White Label Registration page. Start by printing and filling out the worksheet at your convenience. Just be sure to finish the worksheet before you sign in to Authorize.Net and Tropitone.com to register. (That way, the website will not time out due to inactivity while you look up the information.)

To complete the Authorize.Net application and Tropitone White Label Registration form, you will need:

## II. Go to Authorize.Net to open an account.

Authorize.Net provides Tropitone dealers with a secure method of processing credit cards over the Internet. To directly and securely connect your White Label online shop to your bank, you'll first need to set up an Authorize.Net account if you don't already have one. Once you do, you'll receive your approval, account number and transaction key. You'll use this when you register your White Label site on Tropitone.com.

Please follow the steps listed below to make the process go as smoothly and as quickly as possible. (Be sure to have your completed White Label worksheet handy so you can easily complete the steps without having to stop and search through your records.)

### 1. Sign Up For Authorize.Net Now!

---

Go to <http://www.tropitone.com/auth.net>

The application takes about 10-15 minutes to finish. If you get stuck, click Help or connect with an Authorized.net representative by calling 877-320-8731 Monday - Friday, 6 AM to 5 PM Pacific Time.

#### Information you'll need:

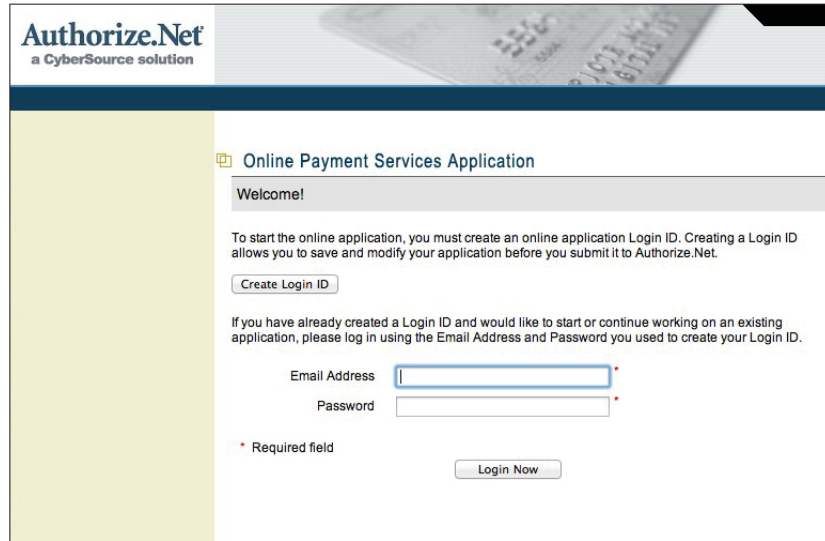

- Company information  
(name, address, phone, etc.)
- Account owner's information  
(name, address, phone, etc.)
- Bank account information for billing
- Merchant account information  
(if applicable)

### Welcome

Create your Login ID so that you can save and complete your application later if necessary.

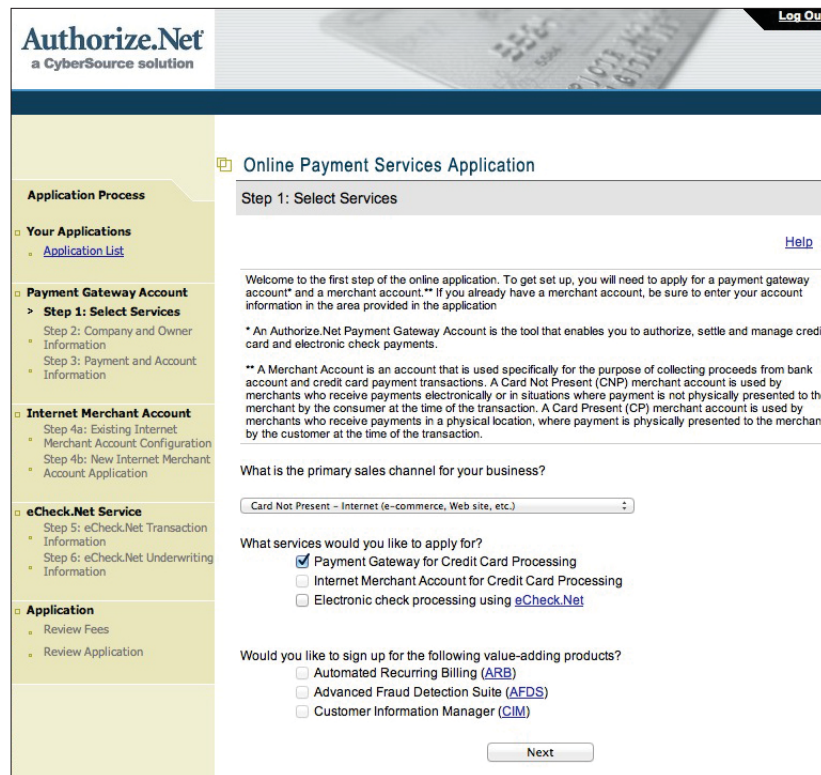

The screenshot shows the 'Online Payment Services Application' welcome page. It features the Authorize.Net logo and a 'Welcome!' message. A paragraph explains that users must create a Login ID to save and modify their application. A 'Create Login ID' button is provided. Below this, a message states that if a user has an existing Login ID, they should log in using their Email Address and Password. There are input fields for 'Email Address' and 'Password', both marked as required fields with a red asterisk. A 'Login Now' button is at the bottom right.

## 3. Online Payment Services Application

### Step 1: Select Service

Check the appropriate boxes for the services you will need. Check the box for "Internet Merchant Account for Credit Card Processing" if you do not already have a merchant account.

The screenshot shows the 'Step 1: Select Services' page of the online application. The left sidebar contains a navigation menu with sections: 'Application Process', 'Your Applications' (with a link to 'Application List'), 'Payment Gateway Account' (with a sub-section 'Step 1: Select Services' and links to 'Step 2: Company and Owner Information', 'Step 3: Payment and Account Information', and 'Internet Merchant Account' with sub-links 'Step 4a: Existing Internet Merchant Account Configuration', 'Step 4b: New Internet Merchant Account Application', and 'eCheck.Net Service' with sub-links 'Step 5: eCheck.Net Transaction Information' and 'Step 6: eCheck.Net Underwriting Information'), and 'Application' (with links to 'Review Fees' and 'Review Application'). The main content area is titled 'Step 1: Select Services' and includes a 'Help' link. It contains a welcome message, a note about the Authorize.Net Payment Gateway Account, and a definition of a Merchant Account. Below this, there is a dropdown menu for 'What is the primary sales channel for your business?' with 'Card Not Present - Internet (e-commerce, Web site, etc.)' selected. A section titled 'What services would you like to apply for?' has three checkboxes: 'Payment Gateway for Credit Card Processing' (checked), 'Internet Merchant Account for Credit Card Processing', and 'Electronic check processing using eCheck.Net'. A final section titled 'Would you like to sign up for the following value-adding products?' has three checkboxes: 'Automated Recurring Billing (ARB)', 'Advanced Fraud Detection Suite (AFDS)', and 'Customer Information Manager (CIM)'. A 'Next' button is at the bottom right.

Payment and Account Information

Authorize.Net bills for all payment gateway fees on the first of each month. Once your Authorize.Net payment gateway account is created, you can expect your first bill on the first of the following month. Billing commences at the time of creation of the gateway account, and is hereby activated for billing of the setup fee and monthly fees of the Authorize.Net Gateway Account. You hereby authorize Authorize.Net to initiate a debit entry to Your checking account at the depository financial institution named below, hereinafter called Depository, and to debit the same to such account for the amount listed on the "Review Fees" section of this application. You acknowledge that the origination of ACH transactions to Your account must comply with the provisions of U.S. law.

This authorization is to remain in full force and effect for this transaction only, or until such time that Your indebtedness to Authorize.Net for the amount listed on the "Review Fees" section of this application is fully satisfied. The specific debit to Company's account authorized herein may only post on or after the date this application is submitted to Authorize.Net, and in no event may the debit transaction post to Your account prior to said date.

You may only revoke this authorization by contacting Authorize.Net directly at 808 East Utah Valley Drive, American Fork, Utah 84003, (801) 492-6450, and only in the case that it cancels the set-up services provided by Authorize.Net on the date that You submit this application.

You understand and agree to hold harmless CyberSource and processor from any and all liabilities arising from any errors in the information provided by You in this application, including without limitation, errors in Your bank account information.
